## The challenge

Shareholder Value **Compliant Reports** Managed Risks **Continuous Growth** 24/7 Insight **Accurate Data** Compliance Performance

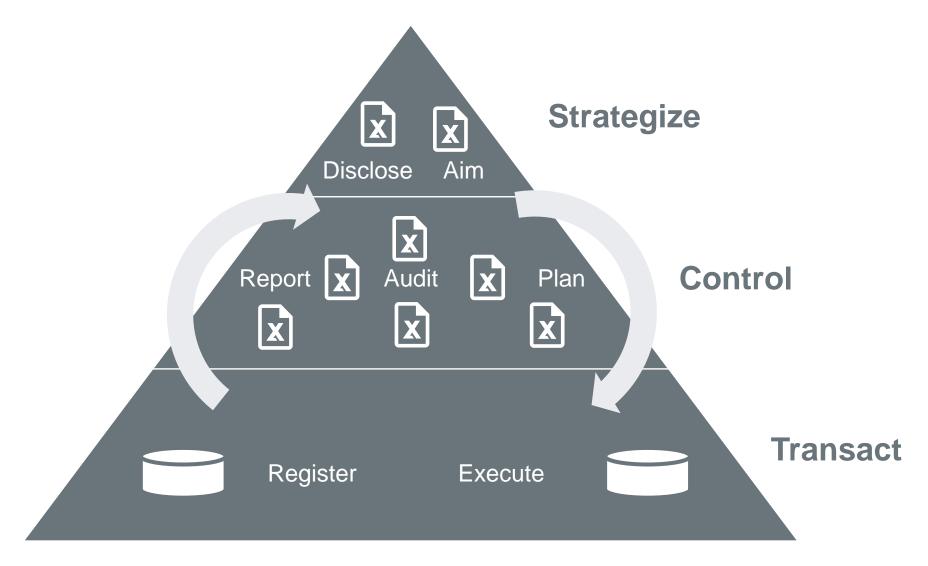

#### The focus

## **Key processes**

### Ditch the Status Quo

Using spreadsheets for planning and reporting?

- High modeling costs
- High data handling costs
- High audit costs
- Noncompliance

Using emails for collaboration?

- Low efficiency
- Excluded stakeholders
- Fragmented information
- Outdated information

Using PowerPoint for stakeholder reports?

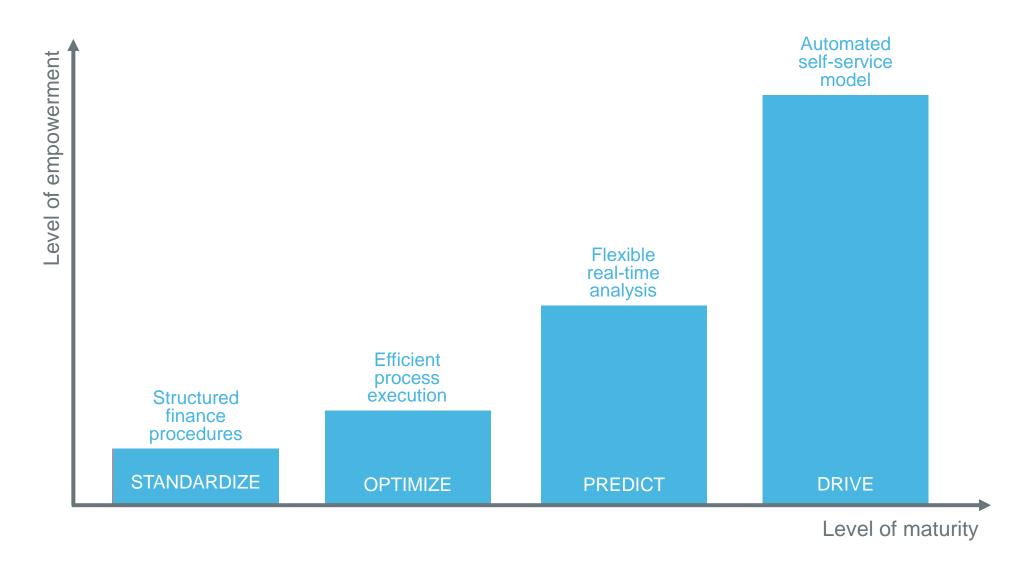

- Static
- No details
- One way

In business for people.

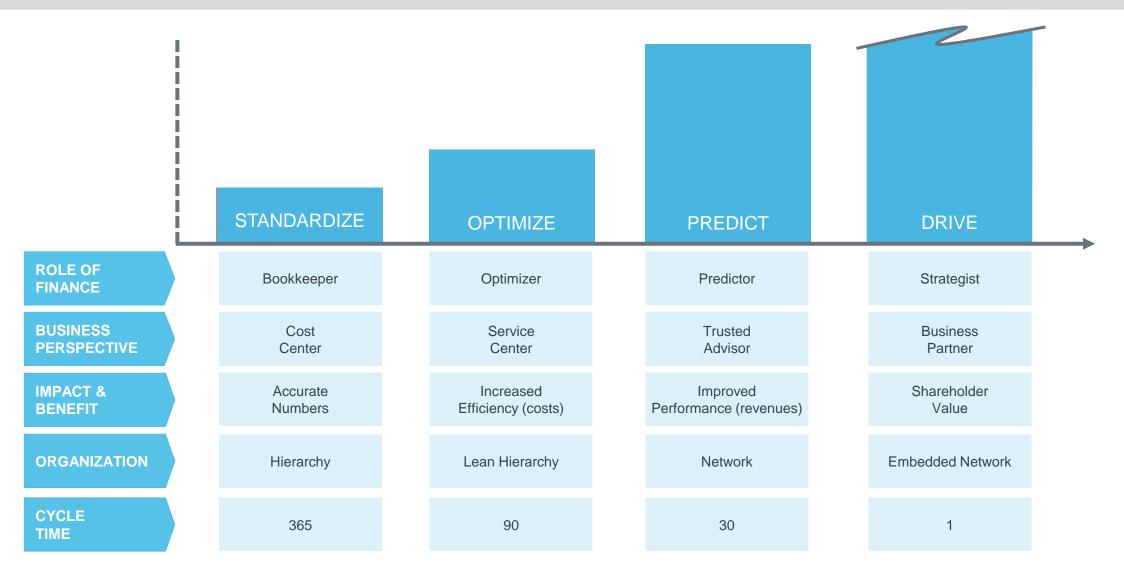

## Taking the business to a new maturity level

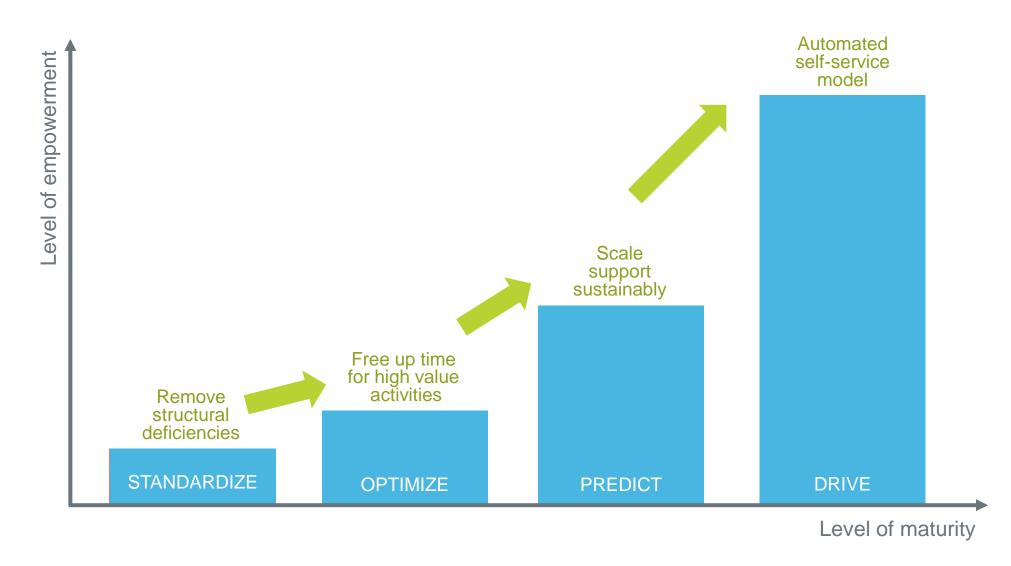

#### It's about transformation as well....
